Captains must assign 1 group to one hole and 2 groups to the other hole.

Please try to put high handicapper and low handicappers in the same group.

Avoid putting all the high handicappers in the same group as this will slow down pace of play.

****Please promptly forward your matches to mensclub@thecanalatdelacour.com by no later than Tuesday afternoon so Bob can send out the matches to all players.**

****You must also let Bob know which spares will be playing that night.**

SCORING:

- Each week you must report how many points you received in your match to your captain.
- You must report any deuces to your captain.
- Players playing a match must also report your score which will be used to calculate handicaps. Scores for a player not playing a match will **not** be used to calculate the Men's League handicap. Scores for players playing a match with a "ghost player" will be recorded for calculating a handicap
- Tally sheets are provided to the captains, which will be used to submit your results.
- Tally sheets should be dropped off to the pro-shop prior to leaving the golf course.
- In the Regular Season - The point system will award 1 point for each hole won. If you win all 9 holes you win the match 9 – 0. If you tie a hole each person gets a ½ point each. Each TEAM MATCH has 54 points available.
- **In the Playoffs – The point system will award 1 point per match for a win and ½ point for a tie and 0 points for a loss. Each TEAM MATCH has 6 points available.**
- If both players do not play any holes (for any reason) you will both get 0 points. If both players only play a portion of the round (for any reason), both players will only receive points for the holes that you played.
- **Captains must check their players score cards to ensure equitable stroke control is accounted for when recording scores on the tally sheet!**

EQUITABLE STROKE CONTROL

- Use NEW Equitable Stroke Control when submitting your score
 - **Maximum NET DOUBLE BOGEY on any hole.**
 - Example: You do not get any strokes on a par 4 – maximum score allowed is a 6
 - Example: You get 1 stroke on a par 5. maximum score allowed is 8
 - Example: You get 2 strokes on a par 3 – maximum score allowed is a 7

GHOST PLAYERS

- **No longer can 1 player play more than one match at a time.** If the other team is short players, the player that does not have anyone to play will play a Ghost Player.
 - This player will earn points as follows:
 - **1 point for a NET par or better**
 - **½ point for a NET bogey**
 - **0 points for NET double bogey or worse**
 - **The ghost player (other team) earns ½ of the remaining points.**

Example 1: The player has 1 NET birdie (1 point), 4 NET pars (4 points), 2 NET bogeys (1 point), and 2 NET double bogeys (0 points).

- This player gets 6 points. The ghost (opposing team) gets 1.5 points (half of 3)

Example 2: The player has 0 Net Birdies (0 points), 1 NET par (1 point), 3 NET bogeys (1.5 points), 5 Net double bogey or worse (0 points)

- This player gets 2.5 points. The ghost (opposing team) gets 3.25 points. (half of 6.5)

If both teams do not have enough players and a ghost player plays a ghost player, then both ghost players receive 0 points.

2024 MENS LEAGUE RULES

All play is governed by the RCGA Rules of Golf except where local rules apply.

- Drop zones are in effect on holes #2, #11, and #15.
- Bunkers – play the ball as it lies.
- If players in a match cannot agree on a rules decision, please see Bob Davidchuk for clarification.
- **If there are any team or player issues regarding cheating (example - not using equitable stroke control), will be presented to the Mens League Committee and a ruling will be made.**

THE DRAW:

- The Regular Season consists of 13 weeks of round robin play; each team will play 13 of the other 15 teams in a **random** draw format. We try to alternate nines, but not guaranteed.
- Playoffs – The last four weeks are the playoffs, all teams will qualify. The 1st place team will play the 16th place team in week one of the playoffs, 2nd place vs. 15th place and so on in week one. If you lose in the first week you go the “B” side and if you win you are on the “A” side. After week 2, if you lose you are out. In week 3, teams that have been eliminated may sign up for the 2-man Scramble event. In week 4 of playoffs we will have 2 teams competing head to head for the Fescue bowl and 2 teams competing for the “B” side final. Also in week 4 will be our Team Scramble Event for the other 12 teams.
- **Tiebreakers** - Regular season tiebreakers (for seeding purposes) will be determined by retrogression. The team that was ahead in the standings the previous week would win the tiebreaker and get the lower seed. If there are ties during the playoffs, the winner will be determined by a sudden death playoff between 2 players chosen by the team captains. The higher seeded team will chose their player first and the lower seeded team will chose their player second. Tiebreakers will take place on either the 1st hole or 10th hole based on availability. The pro-shop scorer will decide which hole to start on. Tiebreakers are maximum of 2 holes afterwhich a chip off will decide the final result.

HANDICAPS:

- Anyone that played last season will start with a 9 hole handicap based on their 2023 year end handicap. For those who are new this season, we will use an estimated handicap or Golf Canada handicap as your starting point for your Mens League handicap. This handicap will be used for the first 3 weeks of Mens League. (frozen).
- Each week you must submit your score to your captain, with equitable stroke control so we can calculate your handicap. (excluding week 1)

Weeks 2 - 4: (submit your scores but your hdcp is still frozen).

Week 5: 3 score average (if you have less than 3 scores, your initial hdcp will be used as a score to replace all missing scores)

Week 6: 4 score average (if you have less than 4 scores, your initial hdcp will be used as a score to replace all missing scores)

Weeks 7 - 13: 5 score average based on your BEST 5 scores in Mens League to that point.
(if you have less than 5 scores, your initial hdcp will be used as a score to replace all missing scores)

Weeks 14-17: (playoffs)

- Handicaps will be frozen at the end of the regular season and will remain locked for the playoffs
- Handicaps will be rounded down for 0.4 or lower and rounded up for 0.5 and higher
- Example: 3.4 rounds down to 3 and 3.5 rounds up to 4
- There will be no minimums on handicaps but there will be a **maximum of 29** in accordance with the RCGA maximum handicap guidelines.

CANCELLATION OF A WEEK / WEATHER DELAYS:

- If play is canceled due to poor weather then the points from that week will be CANCELLED.
- Do not assume play will be canceled, that decision will be made at the last possible moment; we all know the unpredictability of our weather. We will send out updates if poor weather is an issue.

TEE BOXES:

- All players will play **Blue/White Combo**
- Blue/White Combo – Play White tees on holes #2, #3, #6, #7, #11, #13, #15, #16

PLAYERS NOT PLAYING MATCHES

Players not playing matches will start on hole #9 or #18 based on availability.
(Maximum 8 per nine) 16 spots total. Spares will be booked first come first serve.

Spares must call the pro-shop to book these slots on hole #9 or #18

Spares cannot just show up and expect a slot to be open. Make sure you call to book your spot!

MAINTAIN PACE OF PLAY! (approximately 2 hours and 50 minutes to sunset!)

The Goal for pace of play is 2 hours and 30 minutes or less!

ALWAYS Keep up to the group in front of you.

If you do not see the group in front of you, you are playing too slow!!

Gimmee putts are encouraged to help speed of play. Gimme putts are inside 3 FEET.

- At any time during the play of a hole you may either concede the hole to your competitor or give them the shot they about to play. If your opponent gives you a putt, you must pick up and add one stroke. If an opponent gives you a long putt (e.g. 20 or 30 feet) and you must pick up, you should add the most likely number of strokes (i.e. 2 strokes) for handicap purposes instead of only adding one stroke as recommended by the RCGA..
- We understand everyone wants to play each hole. If you find you are holding up your group and are out of the match for that hole, please concede the hole and carry on to the next. Use Equitable Stroke Control to record your score for that hole. (maximum NET double bogey)
- You must tell your competitor that you are giving them a putt or conceding the hole, do not assume they know.
- **No gimmee putts allowed for deuces! You must make the putt for a deuce pot.**

Order of Play does not always have to be based on the honour system.

- Etiquette deems that the winner of the previous hole Tee's off first on the next hole. Disregard this rule and PLAY READY GOLF!
- **Showing up late (TEEING OFF LATE IS NOT AN OPTION)**
- If you do not arrive on time for your match, you automatically lose the holes in which you did not play
- **All matches must start on time. (Matches must start promptly when the horn goes.**

We have eliminated the Penalty system for slow play, HOWEVER please keep your of PACE of PLAY! (2 hours and 30 minutes or less is your goal!!) Nobody wants to wait for a slow group!

****Suggestion to Captains: When making your groups, do not put all the high handicap players in the same group. Mix low handicap players with high handicap players if possible.**

- **All early nine rounds are WALKING ONLY unless it is stated otherwise that week**
